

HQ Grants and Funds to support local Scouting

Item Code FS 103964 July 2010 Edition no 1

0845 300 1818

Background

Over the year's Scouting has been extremely fortunate to receive generous donations from many individuals and organisations who wish to support our work at a national and local level. The result of these donations is that there are a range of Funds available, particularly to support local Groups/Units and individual members who require financial assistance in undertaking their Scouting.

Set up in 2001, the Development Grants Board (the DGB) has a remit to receive applications and provide grants for the development of local Scouting. Whilst in the past, previous applicants have had to approach various departments at Gilwell Park for grant assistance a new 'One-stop-shop' approach has now been established with a single point of contact for all grant enquiries and applications – the DGB Grants Team.

In a few cases, some Funds are managed by other specialist teams at HQ, specifically the International & Activities Affairs Team, who will work very closely with the DGB Grants team. Where appropriate, you may be guided to these teams depending on your enquiry. But you should always apply in the first instance to the DGB Grants team.

How to apply

What is most important is to have a clear idea of what you want funded and why, how much the whole project costs, how much you have already raised and how much you are asking for. If you do not have the balance, where will it come from?

You do not need to worry about which particular Fund to apply to, as the Grants Team will work that out for you as they read the application form. Grants will generally be made from the most appropriate Fund, thus avoiding you having to make duplicate applications.

You can apply using the generic application form by downloading the application form at:

www.scouts.org.uk/developmentgrantsboard

- Please ensure you complete the application form as fully as possible
- Seek support from local Scout sources also – there are often monies available locally
- Get it signed by the relevant people
- Keep a copy for yourself
- Allow at least 6 weeks for the application to be processed, particularly if it is for a specific event.
- Applications **MUST** be received at least 6 weeks before any event – late applications will not be considered.
- Do not apply for things you have already bought/spent money on
- Provide the extra documentation where it is requested
- Don't assume the answer will automatically be 'Yes' – funds are limited and applications may

often be in competition with others equally or even more deserving than yours

- If you are not sure about anything, ask!

Advice on individual ‘financial hardship’

A number of the Funds we manage are to support individual members in ‘financial hardship’, something which can be a difficult subject to discuss within your Group with parents and Leaders. Evidence that can help you make best judgement of ‘financial hardship’ would be if a family is in receipt of one of the following:

- Free school meals*
- Income Support
- income-based Jobseeker's Allowance
- an income-related employment and support allowance
- support under Part VI of the Immigration and Asylum Act 1999
- Child Tax Credit (provided they are not entitled to Working Tax Credit) and have an annual income that does not exceed £16,190 as assessed by Her Majesty's Revenue and Customs
- the Guarantee element of State Pension Credit

*Free school meals are provided to all pupils in primary schools in a few areas of the country, so the other indicators are more valid in these circumstances.

The Fund is open to all recipients of Gallantry and Meritorious Awards, including recipients of the Cornwell Badge. On receipt of an Award, recipients or their Group may make application for a grant. The grant will be provided to the Scout Group/Unit to which the individual recipient is a member in order that they can undertake an activity which involves and benefits both parties. Although no limit is made to the grant level, it is thought that the average grant will be in the region of £300. Applications are limited to one per Award received.

- The Development Fund (Designated) and The Future Growth Fund (Designated)

To provide additional funds on top of those already available in the existing restricted fund” and “to finance a variety of projects relating to the medium/long term growth of Scouting”. Grants for the current Building Project Pilot Project are being made from the Development Grants (Designated) Fund.

General notes:

The majority of grants are provided on a matched funding basis, except in exceptional circumstances, with the exception of the £100 Start Up grant and Supplementary grant. Some limits/restrictions are determined by external donors, whilst others are set by the DGB in order to maintain a level of equality between similar Funds. The size and level of use of Funds also can determine what restrictions maybe imposed in order to ensure a ‘fair share’ is maintained. Retrospective applications are **never** accepted and all applications generally require to be received a minimum of 4 weeks prior to the event or need. All applications require the support of the Line Manager to the applicant body e.g. DC for a Group application and so on.

Our Supporters

We are indebted to a number of individuals and organisations who have and/or continue to provide financial support to The Scout Association in order that we can distribute grants to support local Scouting.

We very much thank them for their support and generosity, and always encourage local Scouting bodies which receive a grant, to take the opportunity to learn about the relevant donor, and where appropriate, let these supporters know how the Group, Unit or individual has benefited.
